Valid for purchases placed through August 31, 2023

SS Bottle-Top Filter
Revolutionary faster filtration for ultimate lab efficiency

Filtration System & Stand
Docking station for easy vacuum engage / disengage

MG PROMOTIONS

FACTinventory

The world's largest centrifuge can't be found in your typical chemistry or biology lab. The world's largest centrifuge is the TsF-18 Centrifuge at the Yuri Gagarin Cosmonaut Training Centre in Star City, Russia. With a rotating arm of 18 meters, it can simulate conditions up to 30g.
