Refrigerated Centrifuge Model 5920R

Eppendorf's Centrifuge 5920R is outfitted with a powerful state-of-the-art refrigeration system that allows a very compact design, yet has similar dimensions as competing refrigerated 3 liter models and yet features a superior capacity of up to $4 \times 1,000\text{mL}$ or $52 \times 50\text{mL}$ conical tubes.

Universal Hermle Compact Centrifuge

Despite an impressive capacity of up to $4 \times 100\text{mL}$ (or $6 \times 85\text{mL}$), the Z326 is surprisingly compact with both the standard air-cooled model (C157-1/1E) and refrigerated model (C157-2/2E) featuring a width of just over 15 inches.
