

Balances Ingeniously Practical

The **OHAUS** product range is specifically designed to help maximize productivity, across every surface of the workspace. From the office to the warehouse, this Ingeniously Practical portfolio is packed with products made with customers' needs in mind. Industry-leading line of scales and balances offer the accuracy, speed, and peace of mind your laboratory needs to Weigh It with ease. From the powerhouse flagship Explorer balance to the rugged and practical Pioneer, **OHAUS** has a wide variety of semi-micro, analytical, precision, high-capacity, and moisture balances that are ideal for use in almost every area of your laboratory – and beyond.

EXPLORER

Fast stabilization times, optimized linearity and repeatability specifications

These balances combine modern features and design elements to offer unmatched functionality in a line of high-performance balances unlike any other on the market. These smart and intuitive balances and all of their intelligent features simplify even the most complex laboratory measurements.

ADVENTURER

Intuitive Balance Designed for a Variety of Needs

Striking the ideal balance between inventive features and functional, uncomplicated weighing capabilities, the OHAUS Adventurer incorporates all of the applications necessary for routine weighing and measurement activities. With a color touchscreen, GLP/GMP compliance capabilities, two USB ports, and more, Adventurer is the most complete balance in its class.

PIONEER

Affordable Balance to Achieve Reliable Results

The Pioneer PX combines essential weighing functionality with competitive performance, offering high accuracy and repeatability for applications in laboratory, industrial and education settings. The PX is affordably priced, and intuitively designed for intelligent operation with a second line display for additional information, and USB and RS232 connectivity for easy communication.
