

Thermo Scientific and MG Scientific

MG Scientific, in a continued effort to keep you informed of the newest products and latest deals, would like to showcase, what our partners at Thermo Scientific are doing to help you get your labs up and running at peak performance. Provided in this edition of eLABorate are several new and innovative pieces of equipment from Thermo Scientific as well as a host of promotions to assist labs with equipment maintenance and/or replacement. Click here to see all current Thermo Scientific [Promotions](#), as well as updated [Covid-19 Information and Solutions](#).

Thermo Scientific updated items

Compact Digital Rocker- ensure gentle sample agitation.

Digital Vortex Mixer- choose to continuously mix or pulse samples.

Digital Wave Rotator- achieve maximum sample mixing efficiency.

Digital Microplate Shaker- shake up to four microplates in one run.

Mini-digital Rotator- realize maximum flexibility and high quality.

Thermo Scientific special priced items

Rugged and durable- the Finnpipette F2 is made of tough PVDF components that stand up to harsh chemicals and the damaging effects of UV light.

Fully-Autoclavable- decontamination of the Finnpipette F2 is simple because there's no need to disassemble/re-assemble the F2 for autoclaving, minimizing disruption.

Maintenance is Easy- simply detach the tip cone for efficient daily maintenance or decontamination when not using an autoclave.

Single Channel

Multichannel (8 and 12)
