

MG Scientific - Thermo Fisher TSX Series Interview

thermo
scientific

MG Scientific, Vice President, Robert McGregor recently spoke with Joshua Lewis, Commercial Manager over Cold Storage Products at Thermo Fisher Scientific to understand more about the evolution of cold storage and the drivers that have led to the development of today's leading cold storage products. We think you will find this conversation fascinating.

The Evolution of Cold Storage

Over 39 years of providing scientific equipment to a wide range of customers and applications MG Scientific has seen significant evolution in the area of long-term cold storage. It seems that every year there is a new line of refrigerators and freezers being launched.

We ventured out to understand why.
