The choice is yours- Trade up or Trade in

Take advantage of very special pricing to upgrade your ULT fleet for all Cold Storage needs

Thermo Scientific™ Ultra Low Temperature Freezers utilize the latest in technology to provide sample protection, energy savings and more capacity than ever before while providing a better working environment with less heat output and quiet operation. All units are USEPA SNAP compliant and the TSX units are Energy Star Certified.

Ultra Low Cold Storage Freezers

For a limited time, you can choose special pricing on selected Thermo Scientific Ultra Low Temperature Freezers, or customers have a choice for special trade in pricing that includes the removal and disposal of your current unit in an environmentally responsible way*.

- RDE Series, -86°C Ultra-low Temperature Freezer
- TSX Series, -86°C Ultra-low Temperature Freezer

Contact your MG sales representative or MG Customer Service to find out how to take advantage of this limited time offer.

**requires a disinfection certification, completed on the unit being traded in. Trade in is required to be a -80°C unit but can be from any manufacturer*
