

MG Scientific - June National Safety Month

National Safety Month is observed every year in June. Led by the **National Safety Council (NSC)** to promote safety awareness and prevent injuries. The final week of June is dedicated to the theme of Safety Culture. There are many potential hazards in every laboratory. At MG Scientific, we are proud to support laboratory safety through our wide-ranging product portfolio. Below are a few items designed to help you maintain a safe and efficient lab environment.

Bio-bin® Waste Disposal Containers

Reduce Cost, Weight, Transport, CO2 Emissions, Storage Space. Autoclavable with built in lid & handles.

Nalgene™ Waste Funnel System

HDPE funnel with attached lid. Temporary storage of solvent, chemical and biological wastes.

HyFlex 11-571 Industrial Multi-Purpose Gloves

Enhanced comfort. Heightened defenses. Increased durability for extended use.

Cobalt Blue™ Clean Room Liners

Highly Absorbent, 3 ply material. Non-shedding Polyethylene and fiber blend.

FACTchemical

Every June, the National Safety Council encourages companies and organizations to observe National Safety Month (NSM) and help educate workers about leading causes of preventable injuries and deaths. This year's theme is "Safety Starts with Me." Learn more at NSC.org

EZwaste Solvent Waste System

Affordable solution for HPLC liquid waste disposal. Features a closed loop design to protect against leaks and spills.
