MG Scientific has completed the rigorous requirements to become a U.S. Government Licensed Distilled Spirit Distributor. Now warehoused and available for immediate distribution is a wide selection of Pure Ethanol (Undenatured) products. GMP World grade, USP, ACS, FCC, HPLC, UV grades available.

PURE ETHANOL

Pure Ethanol has excellent solvent properties and is a very inexpensive option for many critical applications where pure alcohol is required. Ethanol is the solvent of choice for a wide variety of clinical, higher education, industrial, and pharmaceutical applications such as:

- Sterilization & Decontamination
Tissue Preservation
Protein Purification
Pharmaceutical Production Line Cleaning
Cosmetic Manufacturing
Fragrance Manufacturing
Anti-Microbial Agent
Organic Chemical Synthesis
Excipient Manufacturing
Paint, Ink & Dye Manufacturing
Medical Device Manufacturing
Flavor Extraction

Organic Alcohol, often referred to as Grain Alcohol, is made from wheat, corn, and sugar cane and is available in non-GMO (Genetically Modified Organism) options as well. Pure Alcohol (Ethanol) is available in a wide variety of packaging options to meet all usage requirements. Packaging Options include: Pints, Gallons, 4 Liter, 5 Gallon, & 55 Gallon. Pure Alcohol (Ethanol) is available in a variety of proofs as well. The most common proofs include: 200 Proof (100%), 192 Proof (96%), 190 Proof (90%), 140 Proof (70%).

ETHANOL DENATURED

Denatured Ethanol Products also available

- SDA- Specialty Denatured Alcohol
RGA- Reagent Grade Alcohol
Proprietary Solvents
CDA- Completely Denatured Alcohol
SIS- Special Industrial Solvents
Special Industrial Solvents

THE MG SCIENTIFIC ADVANTAGE

MG Scientific is one of the only distributors in the United States with a Distilled Spirits Provider (DSP) License from the U.S. Alcohol & Tabaco Tax Trade Bureau. What this means is that MG Scientific is able to maintain and distribute stock of Pure Ethanol direct from our central U.S. Distribution center. Common ethanol products are available for immediate shipment, eliminating long lead times and delays for products. Because of our direct-from-manufacturer relationship, we are able to keep costs down by eliminating mark ups from intermediate brokers and wholesalers. Our customers who purchase ethanol products from us are also able to easily source other chemicals, consumables and scientific equipment they need to support day to day laboratory and production operations. All Pure Ethanol is sold tax free to all customers who have a valid TTB permit.

The most extensive line of pure and denatured ethanol products in the world

- Pure Alcohol (Ethanol)
Reagent Alcohol
SDA- Specially Denatured Alcohol
SIS- Special Industrial Solvents
Prop Solvents
